Will Prepare Strike Order

Miner's Executive Officers Continue Deliberations at Indianapolis—Discuss Tax For War Fund

President Mitchell Leaves For the East to prepare For the Meeting With the Operators of the Anthracite Field—Secretary Ryan Explains Resolution.

Indianapolis, Feb. 5.—At the headquarters of the United Mine Workers it was stated that before adjournment of the present session of the executive board Secretary-Treasurer E. B. Wilson will be instructed to prepare a formal strike order, effective April 1, in order to avoid the necessity of re-assembling the board after the adjournment of the present session. The question of the per capita tax of \$1 for the establishment of a national defense fund, which was informally discussed just before the adjournment of the board meeting Saturday evening, is expected to be the first subject taken up when that body resumes its meeting.

As all of the members of the board are anxious to depart for their homes, an effort will be made to adjourn the meeting some time today. President Mitchell will leave immediately for the east to prepare for the meeting with the operators of the anthracite field Feb. 15. An interesting situation in this connection has come about as a result of the resolution passed by the national convention providing that no district shall sign any wage agreement until all have obtained satisfactory settlements.

This resolution has been definitely explained by W. D. Ryan, secretary and treasurer of the Illinois district, who proposed it; by Vice President Tom L. Lewis, who spoke in favor of its passage, and by President Mitchell, who placed the motion before the convention, to include "every district under the jurisdiction of the United Mine Workers of America, whether anthracite, bituminous or block coal regions, in United States and Canada." Under this ruling the wage scale committee appointed by the anthracite miners in their Shamokin convention early in December will have no power to sign a contract, even if their demands are conceded by the anthracite operators, unless the miners of all other districts effect an agreement with their employers.

FOUND Here In Company With Another Woman.

A MAN NAMED KRUGER, WANTED IN SPRINGFIELD FOR DESERTING HIS FAMILY, ARRESTED SATURDAY NIGHT.

A few days ago the police received a telegram from Springfield requesting them to arrest a man named Kruger, supposed to be in this city. The message further stated that he was wanted there for deserting his family.

The police were successful Saturday night in locating Kruger on Elm street. When arrested he was in company with a woman named Bennett, having brought her here from Springfield. A Springfield officer arrived this afternoon and took him back to his family.

PLAIN DRUNKS.

Frederick Blake, R. F. Nichols, and Fred Mockstrow, arrested Saturday night and Sunday for drunkenness, were each fined \$1.60 in police court this morning.

MEETING OF THE FINANCE COMMITTEE AND THE BOARD OF PUBLIC SERVICE THIS MORNING.

The finance committee of the city council met with the Board of Public Service this morning, to talk over some of the financial problems at the present time up for solution. The water works situation and the sewer question were among the matters discussed. The city council will meet tonight in regular session.

BUNCH OF VAGRANTS SENT TO THE WORK HOUSE THIS MORNING.

James Hunter, John Dayan, Thomas Ryan, Jerry Morgan and Claude Williams, all strangers in Lima, picked up on the street, and charged with vagrancy, were arraigned before Mayor Robb this morning and each sentenced to the Toledo work house for thirty days and fined \$10 and the costs.

TRIAL OF THOLLY ZUBER FOR LARCENY RESULTS IN DISMISSAL.

Tholly Zuber, arrested for larceny, was tried before Mayor Robb and discharged. The evidence was lacking.

Revival in Philadelphia. Philadelphia, Feb. 5.—After a four-years' evangelistic campaign which took them through Australia, India, England, Ireland, Scotland, Wales and Canada, the Rev. Reuben Torrey and Charles M. Alexander, the revivalists, began in this city a three-months' mission which is expected to eclipse any similar movement ever undertaken here. Two large meetings were held in the armory of the Second regiment. So great was the interest that there was an overflow of several thousand persons who were unable to gain admittance to the big building, and hundreds attended services in nearby churches.

COLD WAVE

Strikes the Central West and South. Heavy Snowfall.

Washington, Feb. 5.—Officials of the weather bureau announce that the cold wave is felt from Texas north to Manitoba, and including the states of Kansas, Missouri, Minnesota, Iowa, Wisconsin, upper Michigan, Colorado, Ohio, Indiana, Kentucky, western Tennessee and Arkansas. Although the indications are that the cold weather will extend to the northern half of Florida, the weather bureau officials say that from present indications they do not look for cold enough weather in that section to damage the orange crop. Some of the low temperatures reported to the weather bureau were the following: At Duluth, Minn., 14 degrees below zero; White River, Canada, 34 below, and zero in various parts of the Michigan peninsula. In portions of Oklahoma the temperature fell to 18 degrees above zero, and at Abilene, Tex., it was 22 degrees above.

OBTAINED Money at Lebanon Under False Pretenses

AND WAS ARRESTED AT THE HOFFMAN HOUSE SATURDAY NIGHT—WAS A MAGAZINE AGENT.

Otto Leveck, a magazine agent, supposed to represent Collier's magazine, was arrested at the Hoffman House Saturday night, on the strength of advice received by the police from Lebanon. He is wanted there on the charge of having obtained money under false pretenses. The amount of money secured was not stated. Leveck was taken back to Lebanon by an officer from that place this afternoon.

MOVED TO DAYTON.

Chet Johnson, formerly of the L. E. & W. railroad, with his family, left this afternoon for Dayton, to make that place his future home.

SAY THEY ARE NOT GUILTY.

John Fisher and Wilbert Miller, arrested on the charge of drunkenness, pleaded not guilty when arraigned this morning and their hearing was set for this afternoon.

Blaze in Linen District.

New York, Feb. 5.—The six-story factory building in Grand street, at the corner of Mercer street, in the heart of the silk and linen district, was burned with a loss exceeding \$250,000. Charles Schoolhouse & Sons, manufacturers of ribbons, suffered a loss of \$100,000, fully insured, and Bernhard, Umann & Company, dealers in yarns, embroideries and braids, lost more than \$150,000, partly insured.

Tragedy in a Church.

Owensboro, Ky., Feb. 5.—Excusing himself from a meeting of the deacons of the Negro Baptist church, near here, Robert Robinson, who had a dispute over the financial condition of the church, went to his buggy and got a shotgun and returned to the building. Without warning he fired at a man named Smith, the load of shot tearing the man's head off.

Collieries to Start Up.

Mahoning City, Pa., Feb. 5.—The collieries throughout the anthracite region have orders to operate with full capacity from now until next April. A number of washeries in the Schuylkill field that have been closed will resume operations on full time. The companies expect to add 3,000,000 tons of coal to their storage stock in the next few weeks.

Movements of Chinese.

New York, Feb. 5.—The Chinese commissioners who are here studying American conditions and institutions devoted several hours to visits to the Metropolitan Museum of Art, St. Patrick's cathedral, the American Museum of Natural History, the College Reformed church and other places of interest.

COMING EVENTS OF THE WEEK.

- The Dreadnaught, the largest and most powerful battleship in the world's navies, will be launched at Portsmouth, England, Saturday.
- International automobile races, so far three days, begin at Havana, Cuba, February 11.
- The thirty-eighth annual convention of the National Woman Suffrage Association will be held in Baltimore February 7 to 13 inclusive.
- The policing of Morocco will continue to occupy the attention of the Moroccan conference at Algiciras.
- Congress—In the House of Representatives the railroad rate bill has the right of way until disposed of. A vote on the measure is not expected before Wednesday or Thursday.
- The pension appropriation bill will be considered in the Senate and will be followed by the statehood bill. It is expected that the urgency deficiency bill will be reported during the week.

CIGARET BILL

Likely to Be Amended by the Senate. Ohio Happenings.

Columbus, O., Feb. 5.—It is probable that the McFadden anti-cigarette bill will be amended in the senate to relate entirely to minors. The bill is in the hands of the judiciary committee, and it recommended without amendment it will be amended on the floor of the senate. There is considerable determined opposition to the bill as it now stands. Out of the state school commissioner's office will come a bill this week which will provide for an extension of the term of the state school commissioner to four years and an increase of his salary from \$2,000 to \$4,000 a year.

Effort is to be made by the friends of the agricultural experiment station at Wooster to have a bill passed this session creating a department of forestry in connection with the station, with power to investigate the possibilities of the various varieties of native woods as to future needs and propagation.

Traction Extension.

Wapakoneta, O., Feb. 5.—Work has been commenced on the preliminary survey for the extension of the Portland and Muncie traction line from Portland, Ind., to Celina, O. Three routes will probably be surveyed. The first will parallel the Lake Erie & Western railroad; the second runs via Fort Recovery through New Corydon, direct to Celina, and the third survey will go via New Corydon and Wabash, O., to Celina. At the latter city the extension will connect with the Western Ohio, and then one can travel on the electric railway by direct route from Indianapolis to Toledo or Cleveland.

ZERO

Weather Following Heavy Fall Of Snow

YESTERDAY AND LAST NIGHT—

DRIFTING SNOW INTERFERES WITH TRAFFIC TO A SERIOUS EXTENT.

The heavy snow of yesterday and last night was followed by a cold wave which sent the thermometer down last night to zero. This morning at 8:30 o'clock the mercury showed but two degrees above zero and at ten o'clock it was nine above. The snow is drifted in many places and interferes with railroad traffic on all the lines, trains arriving here from fifteen minutes to two hours late this morning.

Rev. Rainsford Resigns.

New York, Feb. 5.—The Rev. Dr. William S. Rainsford, for years rector of St. George's Protestant Episcopal church, this city, has resigned the rectorship, owing to continued ill health, and the Rev. Hugh Blackhead, the assistant rector, has been elected by the vestry to succeed him. The resignation of Dr. Rainsford was in the form of a letter to J. Pierpont Morgan, senior warden of the church, from Cairo, Egypt, dated Jan. 7 last. Dr. Rainsford wrote that while his health was

ICE

IS FIVE INCHES THICK AND LOCAL DEALERS MAY REAP A HARVEST IF THE COLD WAVE CONTINUES.

This morning it is reported that the ice is five inches deep on the reservoirs from which the local supply is secured and should the present cold weather continue for a few days, the local ice dealers will reap their first harvest of the season. The first sleigh bells of the season were jingling last night.

TWO GIRLS,

Victims of Alleged Swindlers, Complain to the Police.

Chicago, Feb. 5.—Two men who had represented themselves to be theatrical agents bound and gagged and then robbed Miss Grace Mickels, a college student of Bloomington, Ill. A short time after Miss Mickels reported her loss to the police a second victim, Miss Annie McNamara of Kenosha, made a complaint against the men. The alleged swindlers 10 days ago rented a room in a North Side boarding house, giving their names as Edward Roberts and Frank Richmond. By means of advertisements in the newspapers they got into communication with their intended dupes.

WILL DIVERT THE RIVER.

Pittsburg, Feb. 5.—The Pennsylvania Railroad Company will divert the Conemaugh River from its present course in order to avoid building two bridges. It was this river that caused the disastrous Johnstown flood in May, 1889. A new channel for the river, a half mile long, will be dug between the terminal points of a curve, almost a semicircle, which the river now makes. The center of the new channel will be a quarter of a mile from the central point of the old channel. Contracts for the work will be awarded in Philadelphia shortly.

Grand Jury Investigation of Insurance Cases Not Unlikely.—Committee Drafts Report.

Legislative Inquisition Will Recommend Important Changes in the Present Laws—Publicity of All Insurance Transactions and Other Reforms Desired.

New York, Feb. 5.—The legislative insurance investigating committee expects to practically complete the labor of framing its 75,000 word report this week. A meeting will be held in this city on Wednesday or Thursday, at which a rough draft of the report will be read to the full committee. It is regarded as unlikely that there will be a minority report. District Attorney Jerome for a week has been at his country home at Lakeville, Conn., going over the testimony brought out at the investigation. He is expected soon at his office, and some statement as to the possibility of a grand jury investigation is looked for. The case of the Mutual Reserve Life Insurance company has been investigated by two of his assistants. The Armstrong committee, in its report, will ask the legislature to pass laws that will entirely reform the system; the standard forms of policies will be changed, if the recommendations are adopted, and the dividends must be paid annually, and the death claims settled within 30 days after proof of death is given. The widest publicity of insurance transactions is urged, and it is recommended that life insurance companies be forbidden to control subsidiary companies. Universal mutualization of companies is advised and encouraged, and provisions made for converting stock companies. Other reforms urged are: Agents placed under strict supervision and their compensation must be either full salary or commission, mixed compensation being forbidden. State supervision of absolute character and publicity of all accounts, expenses and holdings of every nature.

AGREE TO DISAGREE.

Balfour and Chamberlain Drifting Apart—Unionist Split.

London, Feb. 5.—That there is a split in the Unionist party, is recognized as an existing fact by Unionist newspapers. They say it is definitely known that Mr. Balfour and Mr. Chamberlain have agreed to disagree and that it is believed that Mr. Chamberlain will withdraw from his adhesion to Mr. Balfour and organize a separate party on tariff reform. This, it is admitted by the Standard, the Morning Post and other Unionist newspapers, will be the only course open to Mr. Chamberlain unless indeed Mr. Balfour decides to call a meeting of the party and allow its members to decide the question of leadership. Even then, the newspapers say, it is not believed that either Balfour or Chamberlain will recede, the former premier having told Mr. Chamberlain that he would not accept his tariff reform policy.

HARBISON DIVORCED.

Youngstown, Ohio, Feb. 5.—James Ivy Harbison, who was acquitted of the charge of murdering Lewis Bergman, whom he discovered in a compromising position with his wife, was today granted a divorce. The name of Bergman was not mentioned, but it was shown that Peter F. Laughlin was intimate with Mrs. Harbison.

SPEED CONTEST

To secure the Award For Carrying Southwestern Mail.

St. Louis, Feb. 5.—A month's speed contest has commenced between mail trains on the Iron Mountain route and the Frisco-Missouri, Kansas & Texas road's combination to secure the government's award for carrying the southwestern mail. The speed contest will be continued daily for a month, and on the showing made the government will contract for the southwest mail to be awarded. The objective point of each train is Dallas and Fort Worth, Tex., the Iron Mountain train running on its own tracks and the Frisco running over the Missouri, Kansas & Texas from Vinita, I. T. EARLY VOTE ON SHIPPING BILL

Desire of Senator Gallinger and Other Friends of the Proposition.—Hot Fight Over Statehood

Foraker Amendment to Be the Bone of Contention in the Senate—House Continues Railway Rate Discussion. Democratic Caucus and the Dominican Treaty.

Washington, Feb. 5.—Friends in the senate of the shipping bill are hopeful of securing some time during the week an agreement to vote on that measure, and the understanding is that so soon as it is disposed of the statehood bill will succeed it as the unfinished business.

Much interest is manifested in the approaching contest in the senate over the statehood question. Senator Beveridge, who will again have charge of the bill, is hopeful of securing a comparatively early vote, but many of his colleagues fail to agree with him on that point. The supporters of the bill are very strenuous in its advocacy and their opponents are just as determined. It is not generally expected that either side will yield until there is more definite information as to the probable time of vote than can now be secured. The critical point of controversy will be the Foraker amendment, giving the Arizona people the privilege of voting on the question of admission. It is understood that the Democratic senators will be almost a unit in support of this amendment and that it will also secure a number of Republican votes. Just how many Republican supporters there may be is not known, and until there is definite information on that point the opponents of the bill will not agree to let a vote be taken.

Democratic senators perfected an organization to defeat the Santo Domingo treaty and place the minority in a position to compel a strict party vote on other questions likely to arise during the present session. Two resolutions were adopted which, the Democrats assert, not only will dispose of the Dominican treaty, but will furnish the precedent for demanding a united party vote on all questions that may be considered partisan in character, when two-thirds of the Democratic senators so decide.

Mr. Hepburn, in charge of the rate bill in the house, is unable to see the end of debate on the measure. Under the special order it has the right of way until disposed of. The very first day of the debate, which began last Tuesday, developed the desire of many members to make speeches. Mr. Hepburn has a long list of Republicans who are anxious to be heard, and Mr. Adamson, controlling the time on the minority side, says there are 50 Democrats who wish to be heard in favor of the measure. Speaker Cannon is inclined to let the debate run, and estimates that it will be Wednesday or Thursday before the last speech is delivered and the vote recorded on the measure.

DRILLS

Had a Very Poor Week

AND NEW WELLS ARE FEWER ON EVERY FIELD, SHOWING A DECLINE IN PRODUCTION.

Lima, O., Feb. 5.—Operations for the week just closed throughout the high-grade oil fields of the Contra West suffered a setback from the optimistic results secured the week previous, and every field shows a heavy drop in new production, save alone Indiana, where results were slightly better. The fields as an entirety, however, produced less oil than for many weeks, and the heaviest comparative decline noted was in the past year is noted in the report. Southeastern Ohio and West Virginia were virtually featureless. Calhoun county giving the only gusher in the Mountain State, and Monroe contributing one in the southeast. In Northwestern Ohio another of the fields recorded now and then in the spotted territory of Lucas county, was the only exception to the general rule of small pumpers and bare money makers. Kentucky dropped to its normal rating with wells averaging better than 30 barrels. The work of the five high

Decreased production...1,297

The work of the week in the Northwestern Ohio end of the Trenton Rock districts resulted in but small pumpers in all the counties save that of Lucas, where a three-hundred-barrel gusher added interest. The attempt to make Logan county an oil-producing field has so far resulted in failure, three wells being drilled, with but one showing quantity. Two additional test wells are being drilled in this county, the operators expecting to go to a depth of 2,000 feet, and upon the results obtained will rest the decision as to prospects there. Wells for the week had an average of 23 3/4 barrels, for initial production, with but two failures in defined oil territory.

The week in the Indiana field was devoid of sensational features during the week just closed. The deep sands have dropped to a low ebb in new production, and few extensions are being made in either Randolph or Delaware counties. Jay county is the most promising field in the state at this time, and several new tests there have opened up a wider field. Indiana operators are, however, stopping new work to a great degree, than those on the Ohio side of the field, and there were seven less wells completed, including eight in the gas districts, the average Hoosier producer being good for 25 1/2 barrels.

Wetzel county, in the deep sand district, and Calhoun and Ritchie counties, in the shallow pay, are attracting more attention than any other of the districts in the West Virginia field. More than ordinary sized wells with one gusher were completed in Calhoun county, one of which was a wildcat put down by the Carter Oil company, and which made 100 bris. The wells in Ritchie are also indicative of more activity there. There was a low average for producers during the week, however, the wells being good in West Virginia but 17 1/2 bris.

In the Southeastern Ohio field Monroe county still commands the attention of the trade, and wells in that field are averaging large with two gushers during the past week better than 125 bris. The average well in the field was again, however, well normal, few completions of any note being made.

But two counties contributed to the operations of the past week in the Kentucky field and there was a total absence of gusher-type wells. The work in both Wayne and Wolfe counties has been, however, for months highly remunerative to the operator, and spring will bring a great activity in both this and the Casey (III) field, which, though not rated at this time with high-grade oils, is rapidly assuming big proportions.

Seeks a Divorce.
New York, Feb. 5.—Countess De Castellane, formerly Miss Anna Gould, youngest daughter of Jay Gould, and who has separated from her husband, Count Boni De Castellane, has sued for a divorce, according to Paris advices. The countess has left her palace and taken apartments at Hotel Bristol, it is said. Paris advices say the countess had her husband placed under surveillance and that the result caused her to confront him with the evidence she obtained. It is claimed that he bestowed favors upon a society woman and the countess protested.

CHICAGO

Dictates to Country on Ownership.

MAYOR, ADDRESSING CINCINNATI CONGREGATION, PRE-DICTS VICTORY HERE AND TELLS HOW THE CITY COUNCIL CHANGED FRONT.

Cincinnati, Feb. 5.—"If municipal ownership wins in Chicago it will win throughout the United States—and it is going to win in Chicago," declared Mayor Duane of Chicago to a congregation that filled Rev. Dr. Bigelow's great church to overflowing here last night.

Chicago's mayor told in stirring words of the people's right for traction municipalization and of the most recent battle he said:

"After three decisive votes of the people for municipal ownership, two-thirds of the city council still were solidly arrayed against the mayor and the popular mandate until late last month.

"Then a flash of lightning, as it were, broke into the City Council chamber, and behind it the Aldermen heard the rumble of the public thunder. Then, lo and behold! in one day, without premonition or warning, the two-thirds majority of the Council, which for nine months had sat in defiance of the popular will, shriveled and shrunk into a minority, and the ordinance recommended in the Mayor's message of November 13 was passed.

"Both of these municipal ownership ordinances will be submitted to the people at the election next April," continued Mayor Duane, "and there can be no possible doubt as to the result. The people will undoubtedly approve them at the polls.

"As to the ultimate triumph of municipal ownership, I am not in doubt. But that it is to be attained without another struggle, or many of them, I do not anticipate. Vested capital dies hard. Amassed capital, when it runs into millions, has tremendous influence in all cities. The stock alone of the public utility corporations of Chicago amounts to \$225,000,000, which, if divided among the 2,000,000 population, would give about \$112.50 of stock to every man, woman and child in the city."

Mayor Duane was tendered a reception by Mayor Dempsey and prominent citizens preceding his address.

NOTICE I. O. O. F.

Shawnee Rebekah Lodge will meet in regular session Tuesday evening, Feb. 6, at 7 o'clock. All members are requested to be present, as there is business of importance.

By order of Secretary.

Robbed by Footpads.

Columbus, O., Feb. 5.—W. F. Watkins of New Brighton, Pa., who is visiting this city, was relieved of \$1,500 by highwaymen. Frankie McHugh, the well-known prizefighter of Cincinnati; "Kid" Baxter and Floyd Clarke are held for investigation. While traveling through Wall alley Watkins claims that a party hit him with a billy or knuckles, and he was rendered unconscious. When he regained his senses his money was gone.

Lid on at Terra Haute.

Terre Haute, Ind., Feb. 5.—As the result of a strict enforcement of the Sunday closing law, 37 offenders, including 24 bakers, were arrested here. Hotels, restaurants, drugstores and news stands were the only business houses open. Druggists operated with reduced forces of clerks, the cigar stands were covered and the soda fountains idle. Confectionery stores and cigar stores made no sales, save where the latter places deal in newspapers.

Priest and Students Drown.

Penn., Feb. 5.—Father Gilbert Simon lost his life here after saving three students from drowning. Three other students, Cass Babin of Champaign, Ill.; Charles Reuter of Chicago and Frank Christie of St. Louis, in attendance at St. Bede college, a Catholic school, near here, were drowned. Father Gilbert was a member of the faculty. The students had been skating and went through the ice.

Prominent Attorney.
Kingston, N. Y., Feb. 5.—Egbert Whitaker, the oldest member of the Ulster county bar, died of pneumonia, aged 90. He studied in the ministry, but decided to become a lawyer upon leaving college. For several years after his admission to the bar he practiced at Des Moines, Ia., where he formed a lifelong friendship with Elihu B. Washburn and Amos Cutler.

Hazing Casts.
Annapolis, Md., Feb. 5.—The action of the president in pardoning Midshipman John P. Miller of Lancaster, Ky., who was convicted of hazing by court-martial, was promulgated at dinner formation at the naval academy and Miller resumed his position as captain of the Twelfth company. The navy department has asked further information relative to the cases of Midshipmen Stephen Decatur, Jr., of Portsmouth, N. H., and Petterson B. Marzoni of Pensacola, both formerly members of the first class.

Ends in a Failure.
Vienna, Feb. 5.—The negotiations looking to the settlement of the Hungarian trouble ended in a complete failure, and Count János Andrássy, one of the leaders of the coalition parties, returned to Budapest after a lengthy interview with the emperor-king, who refused to accept the modified program of the coalition. Unless the coalition yields at the last hour this failure to reach an agreement must, it is thought, result in an effort by the crown to establish an absolutism in Hungary.

Mission of Hawaiians.
Washington, Feb. 5.—A delegation of Hawaiian citizens arrived here to appear before the committees of congress to advocate legislation requiring three-fourths of the customs duties and internal revenues collected in the territory to be expended on public works there. It is said \$1,200,000 a year, equal to \$8 per capita of the population, is taken out of the territory, which the members of the delegation say constitutes a heavy drain on its resources.

Lady Grey Dead.
London, Feb. 5.—Lady Grey, wife of Sir Edward Grey, the foreign minister, who sustained concussion of the brain by being thrown from her trap at Ellington, Northumberland, last Thursday, died Sunday without having regained consciousness.

Oil Plant Burns.
Macon, Ga., Feb. 5.—The plant of the Southern Oil company at Cordele, Ga., was practically destroyed by fire. Loss, \$50,000. The seed and boiler rooms were saved.

American Professor Dropped.
Peking, Feb. 5.—Yuan Shu Kai, viceroy of Chihli province, has discharged Professor C. D. Tenney, the foreign director of education, who organized the new school system in this province and within three years made it a model for the empire. Strong opposition has arisen lately to foreign management of the schools, and particularly against Dr. Tenney, because he is an American. Yuan Shu Kai told Dr. Tenney that he appreciated his work, but Yuan Shu Kai has so many enemies that he could not afford to keep him. The boycott against American goods is being revived. When it began Mr. Rockhill, the American minister, and the American consuls urged the Chinese to wait until congress had time to act on their demands, and the failure of congress to do so has aroused their resentment.

Greene-Gaynor Case.
Savannah, Ga., Feb. 5.—The Greene and Gaynor trial has entered on its fifth week, and the introduction of evidence will be continued. It is expected, however, that the week may see the close of evidence along the particular subject of contracts, which has been followed to the last few days, and that witnesses may be examined touching the character of the work done in the river and harbor improvements. The progress of the trial continues slow and it is not believed to be half over.

Dozen Persons Killed.
Rennes, France, Feb. 5.—All the buildings of the home for the aged in the Faubourg de Paris, kept by the Little Sisters of the Poor, were destroyed by fire. Nine bodies have been found in the ruins. Three women died from fright. Chaplain Stenou, while attempting to save the inmates of the home, fell and was seriously injured.

CUT TO THE QUICK.

H. B. Irving, son of the late Sir Henry Irving, signed a contract with the Shuberts to appear in the United States in "Lights Out."

In a fire at Prentice, Wis., resulting from the explosion of a lamp at the home of Grant Stewart, a baby, two children and Mr. Stewart burned to death.

Second section of train No. 47 on the Baltimore & Ohio railroad was derailed near Bremen. Two coaches were overturned and 12 passengers were slightly injured.

Rocco Bell, who was arrested at Chicago on a charge of burglary, committed suicide in the county jail. The prisoner tore the bed sheet into strips and made a rope of the pieces.

At a meeting of representatives of all the building trades unions in the city of New York it was decided to order the unions in the building trades to go on strike Feb. 15 in sympathy with the house-smiths' union.

W. W. Campbell, a yard brakeman, was killed, an C. F. Cahill, another yard brakeman, was fatally injured in the Pennsylvania yards at Columbus, O., by an accident resulting from a cut of cars striking a bumping post.

Across Channel in Balloon.
London, Feb. 5.—The balloon of the Aero club, which left London Saturday afternoon for France and was sighted from Eastbourne, after moving seaward, successfully crossed the English channel and descended in safety at Bernouville, 20 miles inland in France. The entire time consumed from London to the place of descent was 4 hours and 19 minutes. The occupants of the balloon were M. de Pollock and Dale, who are members of the Aero Club of the United Kingdom. The name of the balloon is the Vivienne III. A strong northwest gale was blowing during the passage across the channel, which was made in an hour and three-quarters. Once the balloon ascended to 10,000 feet, where a snowstorm was encountered and the entire airship was encrusted with frost.

Disastrous Fire.
Richmond, Ky., Feb. 5.—Fire destroyed the "Busy Bee Cash Store," owned by W. D. Oldham, entailing a loss of nearly \$61,000. This loss is about two-thirds covered by insurance. The fire originated in the cellar of the store and was caused by the exploding of the furnace. The army of clerks were forced to flee for their lives, leaving their hats and coats behind. The following are the losses: W. D. Oldham & Company, building and stock, \$57,000; Mrs. Ella Farley, millinery, \$2,000; Dr. T. J. Taylor, \$1,000; Dr. R. G. Bosley, \$1,000; Judge H. C. Rice, \$500; Metropolitan Life Insurance company, \$1,000; United States recruiting office, \$1,200.

Forest Fire in Italy.
Milan, Feb. 5.—A forest fire was started three days ago by a spark from a locomotive on the St. Gotthard railway, is still burning and now covers 12 square miles. Several hundred workmen are endeavoring to save the signal posts along the track and peasants are working to preserve their homes from destruction. A number of factories and a chapel already have been destroyed. The big electric station at Anasca is surrounded by fire, several towns are without light and many factories have shut down for want of motive power. A portion of the woods along the eastern shore of Lake Maggiore is also burning.

Foreigners Alarmed.
Hongkong, Feb. 5.—Foreigners at Canton are in a state of great apprehension owing to the insufficiency of police protection. After the looting Saturday of the residence of Rev. Beatty, an American Presbyterian missionary at Fati, by an armed band of Chinese, the guard boat was requested to send assistance, but the commander replied that he was not empowered to comply with the request.

BULL FIGHT

For the Delegates to the Moroccan Conference.

Algieras, Spain, Feb. 5.—Progress is being made slowly at the conference, the delegates now being apparently more in accord than at any previous time. The two nations most directly concerned, France and Germany, still seem loath to consider the serious issue—the policing of Morocco—though they have succeeded in satisfactorily adjusting the questions of taxation and customs duty.

The bloody spectacle of a bull-fight in honor of the conference on Moroccan reforms was an interesting event. Crowds came from all parts of Andalusia to the vast stone amphitheater where the bullfight is, and more than 6,000 persons saw the fight. A box gaily decorated with the Spanish colors accommodated the ambassadors and officials of many countries. Most of the delegations to the conference were represented and many of the envoys were accompanied by their wives and daughters. The American and British delegates did not attend.

Mob Foiled.
St. Louis, Feb. 5.—After outwitting a mob bent on lynching "Bud" Jackson at Poplar Bluff, Mo., after Mrs. Nannie Norman had identified him as her assailant, Sheriff Hogg with the prisoner boarded a train at Williamsville and arrived here. Jackson will be held in the St. Louis jail until the excitement has subsided at Poplar Bluff, when he will be taken back for trial. Jackson strenuously denies that he is the negro who committed the assault.

Heyburn and Hitt.

Washington, Feb. 5.—Senator Heyburn of Idaho, who is ill with an attack of appendicitis, is reported as slightly better. The attack is proving more severe than expected, but the attending physicians are making every effort to avert resorting to an operation. The condition of Representative Hitt of Illinois, chairman of the house foreign affairs committee, continues encouraging, although he is still confined to his bed.

From Boston to Chicago.

Pittsburg, Feb. 5.—Civil Engineer W. C. Gray outlined the plans for a gigantic electric system to be built by the Vanderbilt syndicate. It will extend from Boston to Chicago, by way of Cleveland.

Laying Double Track.

Panama, Feb. 5.—The double-tracking of the railroad across the isthmus is progressing rapidly, and it is expected that both tracks will be ready for service in July. Steam shovels are being utilized in cutting the s.d.s. embankments.

Track Walkers Killed.

Morristown, Pa., Feb. 5.—While walking along the Pennsylvania railroad tracks near Spring Mill, Joseph Masal, 28, and Michael Augustine, 35, both of Spring Mill, were struck by a locomotive and instantly killed.

MARRIED

When But Eleven
Years of Age

AND AT THE AGE OF FIFTEEN
SHE IS GRANTED A DIVORCE
AND RESTORED TO HER
MAIDEN NAME—ANOTHER DI-
VORCE.

A divorce case very much out of
the usual was granted by Judge
Cunningham. The divorce is un-
usual because of the fact that the
complainant, Catharine O. Fowler,
the wife, was but eleven years of
age at the time of her marriage to
Asa E. Fowler, the marriage being
solemnized in Bowling, June 20th,
1901. The defendant is now fif-
teen years of age and through her
attorney, Russell L. Armstrong, was
granted a decree on the grounds of
desertion. She was also restored to
the former name of Wagner.

Another Divorce Granted.
Married in Jay county, Indiana,
May 9, 1890, and the mother of
two children, Mrs. Malvina Morris
was granted a decree of divorce by
Judge Cunningham. This morning
from her husband, George
Morris. The little mother told a
sorrowful story of wrongs suffered
and privations undergone. Now
after five years of cruel married
life, she was suddenly deserted one
winter's night with no food, fuel
and but scant clothing for her off-
springs. She bravely took
up the fight and from
her own earnings has given suste-
nance and raiment to the fatherless
babes, keeping on and on in this
fight for the past eleven years, dur-
ing all of which time no word has
been received from the father and
husband. She was granted a decree
on the grounds of willful absence.
This case was also presented to the
court by Attorney R. L. Armstrong.

COURT

Convened This Morning

JUDGE CUNNINGHAM ON THE
BENCH—THE LEON BLUME
DAMAGE SUITS IS AGAIN ON.

Common Pleas Court resumed its
sittings this morning with Judge
Cunningham on the bench.
The initial case was that of Leon
Blume, a former switchman in the
L. E. & W. yards. Blume met with
an accident while at work and af-
terwards sued the company for
\$1000. The case has been heard
before two juries before the pres-
ent one, the first jury disagreeing
and the second one finding no cause
of action.
Attorney Kent Hughes represents
the plaintiff and Attorney Ritchie and
Leete represent the railroad com-
pany.

HESPER

BY HAMLIN GARLAND

To Be Printed Serially in this Paper Beginning
in Our Next Issue

We have secured for our columns Hesper, the best story
of one of the foremost writers of present day fiction. You
won't find Hesper hard reading. The Detroit Free Press
says: "It stirs the blood, for there are dramatic moments
presided over by desperate men."

WHOLESOME

The Pittsburgh Post says: "We are fond of this writer
and our justification comes from the wholesomeness of his
work. His novels are all sound."

A LOVE STORY

The Tacoma (Wash.) News says: "A wholesome story
is Hesper. It is the tale of a strong man's wooing."
Des Moines News: "A miner's strike high up on the
mountain peak amid the wildest scenery makes a thrilling
background for the wooing of Ann—a fascinating love epi-
sode."

PICTURE OF THE WEST

Los Angeles Times: "A picture that is clear in all its
lines and sets before us as no current fiction does the life
of the camp followers of the great mining centers."

Want Age Limit Raised.
Steubenville, O., Feb. 5.—Because
of the number of arrests in connection
with child labor prosecutions, glass
factories in the valley are threatened
with a temporary shutdown for lack
of employees. A delegation may be
sent to Columbus to urge an higher
age limit.

Pioneer Physician.
Fremont, O., Feb. 5.—Dr. Robert H.
Rice, a pioneer practicing physician
and president of the Sandusky County
Medical society, died suddenly, aged
70. He was born in Fremont, and was
a prominent Mason.

Italians and Hebrews Clash.
Cleveland, O., Feb. 5.—In a battle
between 20 or 30 Italians and a like
number of Hebrews, several men were
injured, two seriously. E. Dancaak
and Heri Heller were stabbed.

For Pack of Fox Hounds.
Worcester, Mass., Feb. 5.—Harry W.
Smith has sold his entire pack of fox
hounds, 30 in all, and received the
highest price ever paid in America at
least for a pack of fox hounds, \$2,800.
The buyer is John E. Townsend, mas-
ter of fox hounds of Orange county
hunt of Goshen, N. Y.

Strikers Turned Away.
Louisville, Ky., Feb. 5.—Two hun-
dred Italian laborers, who struck for
an advance in wages while employed
in Kentucky's new Capitol building,
arrived in this city from Frankfort.
They applied to the street cleaning
department for employment, but were
turned away.

MARK TWAIN.

"Mark Twain," said Dr. Spitzka,
"has told many truths in thinly
disguised form for which the people
of the world should be thankful.
While he is a humorist, he has also
the wit—what the German calls the
mother—with the ability to see into
things and to get at the kernel of a
matter and bring forth the essence
of the thing. Oh, yes, I take Mark
Twain seriously when he means to be
so taken, and I regard him as
among our greatest teachers, and
certainly one of the foremost men
of the day."

"In his speech of reaching the age
of seventy years, Mark Twain tells
of his method of life, and says that
many things which he did would
probably have injured other persons.
That is true—true as anything he
ever said. Looking beneath the sur-
face, his speech was really a sermon
on temperance, as distinguished
from one on abstinence. He did not
indulge in excesses; that is, they
were not excesses for a man of his
rearing and vigorous constitution,
but they might have been excesses
had they been done by some weaker
human vessels."

"The road to longevity is largely
a matter of individual constitution.
Rules of health cannot be made to
fit all people any more than clothes
can be made to fit all people. 'What
is one man's meat is another man's
poison,' and rules of life which
might apply in individual cases
would not by any means be suitable
as general rules for the human
race."

"When Mark Twain wanted a
drink he took it. When he wanted
to smoke he lighted his pipe or cigar.
And he lives today, strong and vig-
orous, at three score and ten. Let
me say that the harmfulness of to-
bacco has been very much exaggerated.
The amount of tobacco which
one may smoke without injurious
effects depends on the person in
question. Any number of people

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages,
and that is Catarrh. Hall's Catarrh
Cure is the only positive cure now
known to the medical fraternity. Cat-
arrh being a constitutional disease,
requires a constitutional treatment.
Hall's Catarrh Cure is taken inter-
nally, acting directly upon the blood
and mucous surfaces of the system,
thereby destroying the foundations
of the disease, and giving the patient
strength by building up the consti-
tution and assisting nature in doing
its work. The proprietors have so

Mrs. W. B. Riche and Mrs. Leroy Galvin gave the third of their series of parties on Friday afternoon at their home on north West street. Covers were laid for about fifty guests to whom the following menu was served in four courses:

Fruit-Cocktail.
Chicken-Cutlet. French Peas.
Escalloped Potatoes.
Olives, Fruit Jelly, Bread Squares.
Aspic Salad.
Cheese-balls, Brown Bread Sandwiches.
Ice Cream, garnished with Whipped Cream.
Cake, Almonds, Pink and White Mints.
Coffee.

The decorations were in pink and white, carnations being given as favors. During the hours after the luncheon bridge was enjoyed, the holder of the high score at each table being awarded a dainty little prize.

Miss Lucy Geiger and Miss Rose Hall were entertained at dinner Sunday by Miss Pearl Voress, of 342 south Central.

WEDDING ANNOUNCEMENT.
Yesterday at the St. Rose Catholic church the approaching nuptials were announced of Mr. Bernard Shearon and Miss Catherine Brown. Mr. Shearon is the son of Mrs. Mose Kelly and the bride-to-be is a resident of Lafayette, Ind., at which place the wedding will occur.

The Tuesday Afternoon club will meet with Mrs. D. C. Henderson, tomorrow afternoon at two thirty.

Mrs. Robert Finnerl and Mrs. Irvin Detwiler, who have been the guests of relatives in Toledo the past week, returned home Saturday evening.

AN EVENING ENJOYED.

Mr. and Mrs. L. C. Flick entertained a jolly crowd from Bluffton at their home on north Elizabeth street Saturday evening. Pedro furnished the entertainment and a good time was enjoyed by all. Refreshments were served at a late hour. Those present were: Mr. and Mrs. Ira Troxel and daughters, Guyana and Gwendolin, Mr. and Mrs. Charles Kauffman and daughter, Nellie, Mr. and Mrs. Ted Clark, son George and daughter Susie, of Bluffton, and Mr. and Mrs. Burgoyne and Mr. and Mrs. Grubbs, of Lima.

Miss Kinsley, of New Philadelphia, O., is the guest of Dr. and Mrs. A. S. Kinsley, of west Market street.

The Evening Euchre will be entertained by Miss Genevieve Robinson and Miss Bonnie Morris this evening at the home of Miss Robinson.

Mr. and Mrs. George Kneek, of Wapakoneta, are the guests of their son, John Elwell.

Mrs. W. F. Fischer is being entertained by Miss Frithoria Fischer, of Wapakoneta.

TO BE MARRIED IN MARCH.

Miss Viva Eaton, one of our most charming young ladies, will leave in a few weeks for New York city, where she will be the guest of her sister, Mrs. C. F. Daly. While in New York her marriage to Mr. Ed. Gordon, a former Lima boy, will be solemnized at the home of Mrs. Daly, sometime early in March. Mr. Gordon left a short time ago for the metropolis, where he is connected with the advertising department of the New York Central System. Both young people are very popular in social circles and they will be greatly missed.

The Eagle Macaroni is always the same. Sold by all grocers.

FASHION

Greatest Foe to the Church, Says Peters.

INDOLENCE OF WEALTH AND FOLLY OF WOMEN, PREACHER DECRIES; ARE RUINING THE COUNTRY; "MISSIONS FOR GENTLEELS."

New York, Feb. 5.—"Fashion is the greatest foe of the church to-day. On Fifth and Madison avenues from Fifty-ninth to Ninety-fifth streets there is the largest concentration of wealth in New York. In the distance mentioned, there is not one Christian church on Fifth avenue, and only five on Madison avenue."

The congregation of the Baptist church of the Epiphany heard their pastor, the Rev. Madison Peters, lay the indolent wealthy in his sermon yesterday, in which he dealt with womanly folly. The sermon dealt in no uncertain way with the dangers to the nation growing out of those conditions.

Dr. Peters said in part: "The last symptom of national decline is found in womanly folly. However far spread the corruption may be in a community, there is hope for the church and the state as long as the women maintain their moral integrity and the purity of the home."

"There is no plainer lesson taught in the republics of history than that luxury, extravagance and loose morals consequent upon vast wealth in the hands of the few, are the forerunners of decay. The splendor of which our extremely wealthy are so extravagantly fond is fast asserting itself with extraordinary virulence upon all classes."

"Extravagance is making more defaulters and sending more men to prison than perhaps any other indirect fashion. Fashion is the greatest foe to the church to-day."

"The mere statement of the fact that there are only five churches in this district is a sad commentary upon the godlessness of fashionable society. We send missionaries to the heathen. Is it not high time that we establish in New York an apostleship to the gentilees?"

MARSHALL FIELD'S Will Displeases His Daughter.

MRS. ETHEL BEATTY ARRIVES IN NEW YORK AND IT IS SAID THAT SHE REGARDS HER LEGACY OF \$60,000 AS INSUFFICIENT.

New York, Feb. 5.—Captain David Beatty of the Royal English navy and Mrs. Beatty, who was formerly Miss Ethel Field, a daughter of the late Marshall Field, the Chicago merchant, and who was divorced from her first husband, Arthur Tree, arrived in New York today on the Cunard Line steamship Carmania, en route to Chicago.

Mrs. Beatty was unable to reach this country in time for her father's funeral, owing to the absence of her husband, who was at a distant port with the vessel he commands.

Although Mrs. Beatty's share of her father's estate is \$60,000, which is held in trust for her, it was whispered among the passengers of the Carmania that mild complaint was being made by her of the amount she received. Marshall Field III. was at the pier today to meet Mrs. Beatty.

SUCCESSOR COURT NEWS

TO GEORGE P. WALDORF, COLLECTOR OF INTERNAL REVENUE AT TOLEDO

WILL NOT BE TAKEN UP UNTIL NEXT SUMMER, SO SAID SENATOR DICK.

The following is from the Washington correspondent to the Cincinnati Enquirer.

"Senator Dick this afternoon told George H. Quail, of Lima, Ohio, that he did not intend to take up the question of recommending a successor to George P. Waldorf, collector of internal revenue of the Toledo district, until late next summer or early in the fall. Quail came here several days ago to ascertain what his chances were for the place. He was induced last year by Sen. Foraker, but there is nothing now to indicate that Senator Dick will do likewise."

NEW OFFICERS

Installed for 1906 by Ladies of Lima Hive No. 23 L. O. T. M.

The ladies of Lima Hive No. 43, L. O. T. M., installed the following officers for the year 1906: Lady Commander, Netta Sullivan; past lady commander, Margarette Byers; record keeper, Mary Scott; finance keeper, Letta Keve; chaplain, Mrs. H. Harper, sergeant-at-arms, Mrs. N. Montague; sentinel, Mrs. M. Negelspauch; picket, Mrs. E. Browner. Mrs. Minnie Patton acted as installing officer; Mrs. E. Gamble as great mistress-at-arms; Mrs. Clara Calkins as great chaplain; Mrs. F. Van Horn as great sentinel. After the ceremony an elegant banquet was served. Lady Brown, who leaves in the near future for Cleveland, was presented with a set of table linen. Lady Patton, as installing officer; the lady commander and the past lady commander were presented with beautiful bouquets. The remainder of the evening was spent in having a general good time.

GO TO SWITZERLAND TONIGHT.

Be sure and go to Trinity church tonight and see Switzerland, the play ground of Europe, given in moving pictures and a descriptive lecture by Mrs. Cray, who just returned from Europe.

COLDS CURED IN ONE DAY

Manyon's Cold Cure Relieves the head, throat and lungs almost immediately. Cures Colds, Croup, Whooping Cough, Sore Throat, Hoarseness, Bronchitis, Asthma, Hay Fever, Stomach Discharges of the Nose, Takes Away All Aches and Pains Caused by Colds. It cures Grip and Obsolete Coughs and prevents Pneumonia. Sold by all Druggists.

Another attempt will be made to stop operations on the Western Ohio line between Lima and Findlay. This time it is an individual property owner who claims his possessions have been damaged by the extension of the line around the curve at the corner of Main street and Robb avenue. The suit filed in common pleas court is entitled Thos. Penney against the Lima Electric Light and Railway company, et al, in which all the roads interested in the north Main street extension are interested. According to the petition, plaintiff had a brick sidewalk which was irreparably damaged by the laying of the rails of the Findlay extension, as was also his house and lot. He seeks to enjoin the road from operating cars over the line and asks the court to allow whatever is right in the way of damages.

Turnkey T. P. Zartman, of the county jail, who has served in that capacity for the past three years, has tendered his resignation. No successor has so far been appointed.

Deaths Filed.

RAILROAD NEWS.

COLD WEATHER SERIOUSLY IMPEDES OPERATION OF ALL RAILROADS.

TRAINS ARRIVE AT DESTINATIONS BEHIND SCHEDULED TIMES.

With the advent of cold weather the operating departments of the railroads are feeling the effects in the service being rendered by both the train crews and the trains themselves. For the past forty-eight hours all trains coming into Lima have been from ten minutes to two hours late.

This is accounted for by the fact that the cold snap causes the steam in the trains to congeal and freeze. Steam, the railroaders say, freezes easier than water and it takes a much longer time to force the steam through the trains and get them ready for starting than in warm weather.

The train crews are also affected more or less by the chilly atmosphere and work slower than during fine weather. A few seconds lost at each stop soon mounts up to minutes and when the train rolls into its final destination the conductor is surprised to find that he is half an hour late.

The operating departments are prepared for winter. Many of the lines have their snow ploughs in readiness for a big storm and are ready to combat the elements at every move. Some genuine winter is expected for the next few weeks and the occupation of the active railroad man will not be one to be envied.

COMPLIMENT

To a Former Reverend of this City

The following is from the Troy, New York, Budget, and concerns Rev. George Wood Anderson, former pastor of Epworth M. E. church in this city:

The State Street Church is congratulating itself upon the young pulpitor orator in the person of its pastor, Rev. George Wood Anderson. Mr. Anderson filled in with one of his lectures recently, a place which was to have been occupied by Rev. Newell Dwight Hillis, D. D., of Plymouth Church fame. Mr. Hillis was taken sick and could not fill the engagement, and Mr. Anderson took his place. In the audience was a New Yorker who frequently hears Dr. Hillis. After the lecture was over the New Yorker said to a prominent Methodist of the conference: "You lost nothing by not hearing Dr. Hillis. Mr. Anderson in my opinion is far ahead of him."

SECOND

Of the Series of Sermons
By Rev George Wood
Anderson.

PASTOR OF STATE STREET
CHURCH AT TROY, NEW YORK
—FORMERLY PASTOR OF EP-
WORTH M. E. CHURCH IN
THIS CITY.

Having noticed the positive teach-
ings of the Bible concerning the ex-
istence of an unseen God, the soul
naturally asks, "Can and does this
unseen One speak to man in terms
easily understood and applied to
daily life?" In answer to this ques-
tion the Bible is just as emphatic
saying that to each human heart He
speaks through the Bible, the life of
Christ, and in a still small voice.
Through the Bible, "For all scripture
is given by inspiration of God." Through
Christ, "For God had in these last days
spoken unto us through His Son." In a still
small voice, "Then shalt thou call, and
the Lord shall answer; thou shalt cry,
and the Lord shall say, here I am."

God's Great Message.
God speaks both through the Bible
and to the heart for the same reason
that all telegrams are not private.
Some messages are for all men, they
are received by certain men appointed
to publish and scatter them everywhere.
Messages of personal nature are not so
sent and no man save the one to whom they
are directed knows their contents.
The Bible is God's great message,
sent from the throne, to all men of
all ages, in all conditions. While
many could not understand the message
when it came there were some men
of God who, like skilled operators,
understood the voice, wrote it
down, and scattered it broadcast for
all men to read. The Bible truths
are life principles that fit into the
lives of all men, guiding their
thoughts and controlling their actions.
But every man needs more than
great life principles. No two are
absolutely alike in their soul ex-
periences, therefore each man needs
his personal message from the lips
of God. Messages of comfort in sor-
row, of inspiration in discouragement,
of counsel in temptation, which no
one save God could speak. That He
does thus speak the Bible positively
declares. To Adam Eden had added
beauty when Jehovah spoke and his
voice, like music, sounded in his ear.
To Abraham, about to sacrifice his son,
the Divine voice said, "Touch not the
lad, for he is mine." To Moses, God's
voice of counsel meant more than the
music and merriment of the king's palace.
The voice of God! Joshua heard it
and was filled with good courage.
Jacob heard it and went with light
feet on good errands. Paul heard it
on the Damascus highway and went
forward with transformed life.
The great life principles are in the
Bible uttered by Divine lips that
echo from every hilltop so distinctly
that all may hear and understand.
But in answer to the secret ques-
tions, the inner longings, there is a
personal message from the lips of
God. Samuel was a little lad, lying
asleep in his temple home when a
voice said: "Samuel! Samuel!"
Thinking that Eli, his teacher, had
called he ran to the old man's bed-
side, asking what he wished. Hearing
that he had not called he went
back to his couch. Again he heard
his name and again he insisted that
his master called, but the old man
shook his head and answered, "No."
Once more the lad laid down only
to be awakened by the self same voice.
Then Eli understood the nature of the
voice and told its meaning to the boy.
With eager heart the boy waited for the
voice and when its tones sounded
once again, with trembling lips he
said: "Speak, for thy servant heareth."
Then his first heart message came
calling him to a holy life and inspiring
him to deeds of valor. God does
meet the private needs of each man's
life whether it be comfort, inspi-
ration or direction, by speaking a
message to his own heart.

Widening Circle of Electric Energy.
This teaching of the Bible that an
unseen God speaks to us and permits
us to think His thoughts is no more
marvelous than the power of man
to transmit his thoughts from con-
tinent to continent, across lakes and
oceans, without the aid of visible
conductors; a task performed every
day, in every country. By pressing a
key, exactly like those used by
Morse, an electric current is sent
from a battery, not to travel on wires
but to generate a spark of fire be-
tween two brass knobs. This spark
sets in motion in the atmosphere an
ever widening circle of electric en-
ergy, exactly as the dropping of a
stone causes an ever widening cir-
cular wave to move steadily toward
the shore. Every wave, therefore,

of necessity touches every portion
of the globe and may be either point
of short in duration according to
how long the finger presses down
the key. These waves follow the
curvature of the earth, ever widen-
ing and reaching upward, until by
constant expanding they lose their
intensity as the wave from a public
talking machine loses its force in the
ocean. Now, if a metallic plate attached
to a wire be lifted your hand might
break the waves of water. Then that
portion of the electricity that strikes
this non-conducting plate will descend
the wire enter a little glass tube of
steel filings, change them from a non-
conductor to a conductor, and causes a
telegraph instrument to repeat exactly the move-
ment and sound of the instrument
crossed by the first operator, though
miles and miles away. Thus these
unseen waves are carrying messages
through these walls of stone this
very hour, stopping not for hill or
mountain. Can man employ this sil-
ent, mysterious method in transmit-
ting thoughts from mind to mind,
and then discard the idea of God
transmitting His thought to man on
the ground of their mystery? The
God who created electricity to serve
us in carrying our thoughts can also
convey His thoughts and will to the
hearts of men.

Professor Dolbear's Discovery.
Not only does this wireless meth-
od of transmitting human thought
open to man's comprehension some-
thing of the way in which God may
speak to man, but it also answers
many of the objections urged
against the possibility of man com-
muning with the Divine. There was
a time when wireless telegraphy
was considered contrary to nature.
Twenty-two years ago Professor Dol-
bear of Tufts College perfected a
system of wireless telegraphy very
much like that now used by Marconi.
By the aid of kites covered with tin
foil to stop the electric waves and
convey them to a static tele-
phone receiver, he was enabled to
send wireless messages more than
a mile distant. Immediately he ap-
plied for a patent, but was refused
because they said his device was
"contrary to science." It was not
until Professor Dolbear packed his
kites and apparatus and taking them
to Washington performed his feat in
the presence of inspectors that a
patent was granted. Wireless tele-
graphy "contrary to science!" What
was the matter? Their theory of
nature was too narrow to admit of a
thought. But there came an hour
when they saw that this discovery
only pointed to a higher law that
gave a better interpretation to all
science and all nature. Men have
denied the possibility of communion
with God because it was contrary to
science and nature. May not the
hour come when they shall see that
this communion is only the follow-
ing of higher spiritual laws than are
now known?

Each Soul Has Its Own Key.
At first it was feared by scientists
that if one man would send a wire-
less message that all men might re-
ceive it. Modern discovery has re-
moved that fear and it is known to-
day that while a million plates be-
lieved to stop the electric cur-
rent as it rushes on, not one instru-
ment will respond save the one at-
tuned for it. To illustrate: We all
know the effect that one tuning fork
has over another of like key. No
sooner is one struck than its com-
panion responds though many feet away.
There may be a thousand others
there but none other will respond.
So with a wireless message. The
wave goes everywhere, but only to
the instrument rightly attuned does
it whisper its meaning. So with
the message that God speaks to
men's souls. No two are alike. Each
soul has its own key. God under-
stands that and when He speaks he
speaks in the corresponding key.
Then would His words pass other
hearts unknown and reveal His mes-
sage only to the one for whom it
was intended.

Will Pick Out Its Own Message.
Then, too, men feared in wireless
telegraphy that there would be a
confusion in the message when more
than one was being sent through the
air at one time. Later discov-
eries revealed that this fear was also
a needless one. A dozen messages
may strike upon the metallic plate
at once, and this medley of dots
and dashes flash down the wire to
a dozen instruments attached, and
each instrument will pick out its
own message and give it to the world
without being confused with a single
letter of the other messages. Not
long since two messages, one in
French and one in German, were re-
ceived on one plate at the same
time, distinguished by the instru-
ments, and given to each nation in
their own tongue. If man can per-
form such feats, cannot God see
the need of a thousand hearts at
once and meet all their needs with-
out confusion?

Awaiting Recognition Sixty Years.
Wireless telegraphy is no new
discovery. For many years men
have not only believed in it but prac-
ticed it to some extent. Sixty-four
years ago Steinhall discovered that
the earth is an electric conductor,
and not only did away with one of
the two wires then used in tele-
graphy but predicted the use of no
wire. Sixty-two years ago Morse
sent a wireless message across the

Susquehanna river, a distance of
thirty miles. And ever since the
day of 1844, when Dolbear began
to send messages across the river
by the night he has striven to
be heard without wires to the
bosom of the shores. For sixty
years this marvelous power has been
out there but we recognized it not
until Marconi came. So men in all
ages have heard and testified of the
voice of God. There was John
Knox and John Wesley, and Charles
Spurgeon, and D. L. Moody, and
thousands of others who have pray-
ed and heard a voice Divine give
answer. They have told that that
might be our experience, for as the
sun speaks to every bud of the com-
ing summer, as the magnetic cur-
rent influences every needle that it
speaks to us of the northward, so
God would speak to every human
heart.

Let Us Get Above Earth Currents.
But how may each one of us re-
ceive such messages? Exactly as
we would receive a wireless message.
First get above all earth currents.
Marconi's greatest difficulty was to
get away from stray electric currents
arising from car and dynamo which
sprinkled numberless dots and dashes
among his signals. To counter-
act this he used the tube of steel
filings, a non-conductor to all save
the stronger waves. But this alone
did not do so, so he lifted high the
metallic plate on kites, ship masts
and towers, and there above earth
currents his messages came uninter-
rupted. This old world has a thou-
sand sins, each generating waves of
evil influence. No man can clearly
hear the voice of God until he lifts
himself above these things.

Then, too, to hear Him speak, re-
quires carefulness in little things.
The Atlantic steamer Philadelphia
lost all her messages in a recent
voyage because a signal halyard
had, unobserved, touched a wire
and grounded the currents. No man
can afford to be careless in regard to
his Christian life.

But more than all he must keep
in harmony with God. On a bleak
December day, on a cliff in New-
foundland, in a little room, in an old
building, Marconi sat waiting for his
first message from across the sea.
For days he had been working away
unobserved, and now all was ready.
From the instrument a little wire
ran through the window, and was
attached to a kite pulling and tug-
ging overhead. It was now time
for his assistant two thousand miles
away to send the first signal, three
dots, the letter "S." With blanched
face he sat motionless until sud-
denly there was a click of the little
hammer against the glass tube and
Marconi heard the first letter sent by
wireless telegraphy across the ocean.
There could be no mistake. He
heard it again and again. Leaping
to his feet, he was famous for all
time.

Get Into Harmony With God.
That message came to this city
The same waves that brought joy
and fame and fortune to Marconi
swept in their silence over this
church. Why did you not receive
that message and with Marconi have
our name upon all lips. Because
you made no preparation and was
not in harmony with the transmi-
ter across the sea. Since you have
been sitting here tonight a thousand
souls have been in communication
with God. They have prayed and
have found the forgiveness of their
sins, and heard a voice Divine say:
"Thy sins which are many are all
forgiven thee." Leaping to their
feet they rejoiced, free from shack-
les. The message that spoke peace
and pardon to them has been here,
why did you not receive the message
in your heart? It may be that you
are out of harmony with God. If
so, get right with Him. Forsake
your sins and evil associates, and
soon you, too, shall hear God speak.
"Then shalt thou call, and the Lord
shall answer; thou shalt cry, and
He shall say, Here I am."

THE TRUE TEST.
Tried in Lima, It Has Stood the
Test.

The hardest test is the test of
time, and Doan's Kidney Pills have
stood it well in Lima. Kidney suf-
ferers can hardly ask for stronger
proof than the following:

W. S. Rusk, agent for the Singer
Sewing Machine Co. and living at
209 West Elm Street, Lima, Ohio,
says: "In the fall of 1898, I told
through the local papers how Doan's
Kidney Pills, procured at W. M. Mel-
ville's drug store, had relieved me of
severe pains in the back and loins
and other evidences of kidney trou-
ble. The disorder had been com-
ing on for two or three years and
was aggravated by an accident which
strained my back. I began to suf-
fer dull, heavy pain through the
back and up the shoulders. Doan's
Kidney Pills helped me from the
first and I continued taking them
until the soreness, stiffness and
lameness left me, and not a sign of
the old trouble remained. The
cure was complete and I have re-
mained cured for the past five
years."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—
and take no other.

SOUTH SIDE

INTERESTING HAPPENINGS
IN THIS PART OF
THE CITY

With yesterday's services Rev. R.
Brenner terminated his four-year
pastorate of the Missouri Street Ger-
man Lutheran congregation in whose
house of worship, at the corner
of Kibby and Jackson streets. Wed-
nesday and he and his wife will go
to Malaska, Ill., having accepted a
call from a larger congregation at
that point.

Until a successor has been chosen
the pulpit will be supplied by Rev.
Hersh, of Wapakoneta, and the
school which Rev. Brenner has so
successfully taught in addition to
his pastoral duties, will be in charge
of Alfred Seiber, a young man
from the church college at Spring-
field, Ill.

Nineteen little ladies celebrated
with Geraldine English, of Green-
lawn, Saturday afternoon her thir-
teenth birthday anniversary, and
gave her numerous tokens of their
friendship. The hours were passed
merrily with games and music and
excellent refreshments were served
the happy guests. Present were
Elma Tucker, Alice Bacom, Mary
O'Connor, Marie Fiesch, Marie Quinn,
Ruth Wolf, Etha Beam, Lucile Bo-
gardus, Louisa Donhouse, Myrtle
Bock, Marguerite Helsar, Pearl
Stanley, Ada Ransbottom, Laura
Decker, Cornelia Hancock, Grace
Jesup, Doris Miller, Irene and
Pauline English.

Prentiss Lawrence's Sunday school
class gave one of their number,
Laverne Draper, of Greenlawn avenue,
a surprise call Friday evening, the
date of his thirteenth birthday an-
niversary. A most satisfying repast
was served by Mrs. Draper and the
remaining hours were devoted to
games. Laverne was remembered
with a number of useful gifts. The
boys enjoying the good time were
Lloyd Cameron, Perry Dixon, Her-

bert Rambo, Fred Lochhead, Carl
Shaw, Earl DeVoe, Meri Striff, Leslie
Diaper, Stepleton, and last, but
not least, the host.

Mrs. C. Hardesty, of south Pine,
entertained a number of ladies Fri-
day evening, honoring Mrs. C. Brown
of Columbus. It was a surprise
gathering, music, games, and lunch
being the enjoyable features.

Prof. Richards' proposal to give
this part of the city a band has been
received very favorably by the
South Side Commercial club and a
committee of three appointed at the
last meeting will procure suitable
quarters to be used by the club and
for practice purposes. "The Com-
mercial Club Band" is the name by
which this excellent musical orga-
nization will be known.

AMUSEMENTS

Such a flattering reception was
the portion of Broadhurst and Cur-
rie's screening funny musical
comedy, "A Son of Rest," and so
prosperous was it financially that the
majority of managements would
have concluded: "Well, we have a
genuine success, now let's rest." But
not so, Broadhurst and Currie, as a
tribute to the confidence and esteem
of the public, have devoted a large
outlay of money during the summer
months in order to make "A Son of
Rest" not one of the best, but the
best musical comedy of its kind on
tour. Theatre-goers may, there-
fore, look forward to an added treat
this season, when this play will ap-
pear at the Faurot Opera House next
Wednesday evening.

"THE CLAY BAKER."
William V. Mong, the clever young
character actor, who is starting, this
season, in his great play, "The Clay
Baker," is playing in the vicinity of
Lima, being at Columbus Grove,
Saturday, Feb. 10; Wapakoneta, 9;
Delphos, 10, return; Ottawa, 20, re-
turn. Manager Maxwell is making
an effort to secure this excellent ac-
tress for an early appearance at
the Faurot Opera House.

"The Clay Baker" is a character
play in four acts by Jannette Stevens
Keller, who, in the dramatization
and construction of the play, has
happily struck a new theme, while
the character portrayed by Mr.
Mong, that of old Peter Donig, the
inventor the stage is given a new
style of character work.

THE WORLD'S GREATEST SPEC-
TACLE "BEN-HUR" TO BE
STAGED IN FT. WAYNE
INDIANA.

After six years of patient waiting
Fort Wayne is to have a "Ben-Hur"
season. The announcement is made
that Klaw & Erlanger's original
massive and magnificent spectacular
production of General Lew Wallace's
impetuous romance "Ben-Hur" will
be staged at the Majestic Theatre,
March 1, 2 and 3, with a special
matinee on Saturday, March 3.

The placing of "Ben-Hur" on the
stage in dramatic form was attend-
ed with many interesting circumstan-
ces. General Wallace had strenuously
opposed any dramatization of his
immortal work. The author was un-
able to see how the main incidents

of his book could be put into drama-
tic form without violation of the
firmly grounded principles of all who
believe in the Christian religion. It
was not until Klaw & Erlanger had
had an interview that he consented
even to consider the matter. They
were able to convince the author
that the chariot race, the galley
scene, and the representation of the
Star of Bethlehem could be put on
the stage, when the question of the
personality of the Messiah was con-
sidered. The book of "Ben-Hur" is
interwoven with the life, locale and
incidents of the Messiah. No
dramatization which did not contain
the tremendous dominating influence
of Him could be a faithful stage por-
trayal of the work. Klaw and
Erlanger submitted a method of pro-
cedure whereby the presence of the
Nazarene should not be seen but in-
dicated by a mysterious and almost
supernatural white light of wonder-
ous brilliancy and power. This so-
lution removed all the author's ob-
jections and he authorized a proper
dramatization prepared.

The organization presenting this
spectacle numbers more than 300
people, including one hundred and
eighty singers and dancers, and ex-
clusive of the working staff of stage
carpenters, machinists, electricians,
mill-wrights and live stock trainers
and attendants. Twenty blooded
horses and three camels are carried
for the production. The working
staff numbers seventy-three people,
while the advance force of eighteen
expert mechanics travel in advance
of the company to arrange the va-
rious stages for the proper manipu-
lation of the massive mechanical ef-
fects that go to make up the thrill-
ing chariot race.

Managers Rice and Starr of the
Majestic Theatre promise to give
special attention to all orders for
seats through the mail from this vi-
cinity, providing the order is ac-
companied by a remittance and a
self-addressed, stamped envelope for
reply. The advance sale of seats
starts on Monday, February 26th. It
is advisable to file orders prior to
that time. The scale of prices will
be from 50 cents to \$2.00. It is an-
nounced that the railroads will make
low excursion rates for those desir-
ing to attend.

On the

Anniversary of Limited's
First Collision—15
People Injured
Near Deshler.

WHEN C. H. AND D'S FLYER
CRASHED INTO THE DAYTON
LOCAL — OTHER CATASTRO-
PHES ON THE RAIL.

Deshler, Ohio, Feb. 5.—The C. H. and D. Detroit Limited, running at a fearful rate of speed near the Main street crossing at Leipsic, at 5 o'clock Saturday night, crashed into the south-bound Dayton accommo-

dation, injuring a score or more of passengers. The injured are:

Mose Tyler, engineer, Lima; head and face badly cut and bruised.

Kissie Grumrine, fireman, Lima; face bruised and cut and leg sprained.

H. K. Holladay, of Toledo, conductor; limbs fractured.

H. W. Derby, Cincinnati, baggage-man, buried under heavy trunks, badly crushed; head cut.

M. Compton, Leipsic; head badly cut.

Mrs. John Zehrends, Leipsic; face and head cut and bruised.

Mrs. Ada Perfinger and daughter, Zella, of Lorain; hands and faces badly cut and bruised.

A. A. Weaver, Leipsic, injured internally.

Mrs. Judson, Tontogany; arm fractured.

August Kletzel and wife, Detroit; both badly injured; wife paralyzed condition; may die.

In addition to these, two postal clerks of Cincinnati, and the engineer, fireman and brakeman on the Detroit train were badly bruised.

The force of the collision completely wedged the two engines together, reducing the south-bound engine to a pile of scrap iron. The coaches of the Dayton train were practically reduced to kindling wood, while the mail, baggage and smoker of the Detroit train were telescoped. The accident was caused, it is said, by Engineer Tyler, of the north-bound train, forgetting his orders. One year ago Saturday the Detroit Limited was wrecked just south of this place, in which one woman lost her life and a score or more persons were injured.

FIRST REPORT.

Of the Wreck Received In This City Saturday Evening Was Very Much Exaggerated.

A short time after the accident the news was circulated about the street to the effect that two of the trainmen of this city were killed and created no little anxiety among their Lima relatives and friends. Engineer Tyler and his fireman, Mr. Grumrine, were the most seriously injured and they were able to go to their homes after reaching this city on a special about 9:30 o'clock. Engineer Doan was slightly bruised and was congratulated by his many friends upon his arrival in his lucky escape.

No statement has yet been given out as to who is to blame for the mixup. It is said unofficially that Engineer Tyler, who was in charge of the Flyer, had orders to meet the accommodation train at the south end of the siding at Leipsic, and that he noticed the headlight of a freight train on the siding and supposing it was the passenger train did not reduce the speed of the train. Meantime the accommodation was running down the main track, intending to back into the siding when the collision occurred.

ENGINEER TYLER TO BLAME.
Should Have Stopped His Train at the South End of the Siding.

It has just been learned officially by the DAILY NEWS that the crew of the limited train was to blame for the accident. The limited train had orders to stop at the south end of the siding at Leipsic and wait there for the south bound train which was to back into the siding. Passenger Conductor Glancy was in charge of the flyer.

OVER EMBANKMENT

The Cars Plunged and Fifteen Persons Were Injured.
Duran, N. M., Feb. 5.—Fifteen

persons were injured two of them probably fatally in the wreck of an east bound Chicago Rock Island and Pacific passenger train four miles from Duran Sunday. The probably fatally hurt are

Louis Cohen of El Paso, injured internally.

Mrs. F. L. Munda of Anchor, N. M. injured internally.

If the others seriously hurt are.

Guy Westley, of Sparta, Wis., head crushed.

C. H. Jones, of Falls Mill, W. Va., head, hip and side hurt.

Two private cars carrying members of the Chicago Commercial Association, did not leave the track, and the occupants of these cars escaped with a severe shaking up. The wreck was caused by the derailment of the locomotive tender. The baggage, express and mail cars, day coach, tourist sleeper and two standard sleepers were dished and rolled down an embankment.

TWO RAILROADERS KILLED.

Columbus, Ohio, Feb. 5.—In an accident in the Pennsylvania yards here early yesterday, W. W. Campbell, yard brakeman, was killed, and C. F. Cabill, another yard brakeman, was fatally injured. The two men were crushed between the cars when the cut on which they were riding struck a bumping post with great force.

TWELVE PEOPLE INJURED.

South Bend, Ind., Feb. 5.—The second section of train No. 47 on the Baltimore and Ohio Railroad was derailed near Bremen early yesterday. Two coaches were overturned. Twelve passengers were slightly injured.

ANNOUNCEMENT

After endeavoring to sell our lease fixtures and stock in bulk "and in good faith"—and after having a closing out sale, which

Saved Thousands of Dollars

for those who took advantage of it—circumstances have arisen which greatly change our plans.

There have been changes in our other stores in Delphos, O., Ohio City, O., and North Baltimore, O., which will enable us to devote more time and our best energy to the Lima store—therefore we have decided to

Continue The Business Here.

We intend adding new lines of goods and enlarging the stocks.

Only the best will be handled—you can be sure of getting dependable goods.

Everything must be sold for cash—avoiding bad debts, which in a cash and credit store, the cash customers must make up for.

In short—we are determined to make our store your shopping place—if good service, high qualities and low prices can do it.
